Dear Parents

Please can I thank you all for your patience while we have been doing a lot of transitioning this term with the admin side of things.

We have had a planned and phased transition to a system of Online payments for the majority of items and new communication via email, text and the website rather than paper.

This will work out for the best in time and I am sure that all of the confusion about it will be sorted once we iron out a few teething problems on our side and families get used to checking their emails and/ or the website for information.

The majority of families are now using the Agora payments system and are receiving emails.

We know that this doesn't suit absolutely everyone however the previous way of paper newsletters and cash didn't suit everyone either!

One of the things I learned very early in my headship, was that it is practically impossible to keep everyone happy all the time but never the less - I do keep trying to!

So this week - to make sure that everyone gets this important message -we are going to send this Friday Flyer in paper, by email, in notice boards and we will put it on the website !

Can I finish by saying a huge thankyou to our Office Staff who are quite frankly pretty amazing! Can you imagine how it has been for them ?

They have answered literally hundreds of queries and assisted many families with setting up Agora over the last term.

They have answered every query positively and they always have a smile for everyone at the window and go above and beyond to assist families.

I know it is their job .. but can you imagine how challenging it has been? They deserve medals !
