

History

S T A T E M E N T O F I N T E N T

The most important thing about History is to ignite a desire to learn more about the past and how it has shaped the present.

- It enables pupils to question, investigate and to think critically about the historical periods studied.
- It allows pupils to gain a clear understanding of the chronology of historical figures, events and periods through time.
- It aims to nurture curiosity by providing opportunities for historical enquiry skills to be developed through a range of mediums, including hands on exploration of historical artefacts.
- Pupils engage confidently in discussions about periods of history, including significant events in Britain's past, because of their extensive knowledge and understanding.
- We want our pupils to recognise how events of the past have shaped the present and impacted on their own lives.
- We celebrate our local heritage with exciting and dynamic projects to encourage a sense of belonging and community.
